

# Abdi Ahmed

## Front End Web Developer

Dedicated and efficient Front End Web developer with 2+ years of hands-on experience in designing and developing user interface. In addition to my employment history, I have developed five different projects, including my Portfolio website, all from scratch, to demonstrate the wide range of my skills. Some of the technologies used in these projects are Firebase, Angular, JavaScript/TypeScript, Bootstrap, CSS3/SASS and HTML5. I also have some experience in the backend like NodeJS/Express, NoSQL and SQL databases.
